***See special notice on accessing applications**

*The Department of Natural Resources, Division of Mining, Land & Water has migrated the APMA Interagency Notice Review Board to a new location and format at <https://dnr.alaska.gov/mlw/discus/> You will be prompted for a username and password. The user name is apma and the password is discovery. Each distribution year still has its own board and the yearly board is searchable utilizing your browser search function or ctrl+F. For more information on utilizing the new Interagency Notice Review Board please contact Dave Charron : david.charron@alaska.gov or 907-458-6887. The old “Interagency Discussion Board” will be going offline in the coming weeks. Thanks for your assistance with this migration.

AGENCY REVIEW NOTICE

The Application for Permits to Mine in Alaska (APMA) has been posted on the DNR Mining Section web site for your review using the hyperlink above.

A copy of the complete application may not be necessary for posting in all circumstances. In the event this information is omitted, the original application can be found in the posting history, or requested by contacting our office.

The DNR Mining Section has determined the project requires the following Mining authorization(s):

☒ **State Land** - mining operation is located on State Land and requires an APMA

☐ New (Brand New application)

☒ Amendment/Modification (Posting includes: first page of APMA with contact info, Amendment sheet detailing what is changing).

☐ Multi-Year Renewal-(Posting Includes: first page of APMA with contact info, Reclamation statements, year-end reports, and bonding forms). Aerial photo not required.

☐ Cross-Country Travel- (APMA applicant is requesting over land travel on State and/or Federal Land)

☐ **Private/Patented Land** -Mining Operation is located on Private/Patented or other Non-State Land

☐ New (Brand New application)

☐ Amendment/Modification (Posting includes: first page of APMA with contact info, Amendment sheet detailing what is changing).

☐ Multi-Year Renewal-(Posting Includes: first page of APMA with contact info, Reclamation statements, year-end reports, and bonding forms). Aerial photo not required.

-

☐ **Federal Land**-Mining Operation is on Federal mining claims.

☐ New (Brand New application)

☐ Amendment/Modification (Posting includes: first page of APMA with contact info, Amendment sheet detailing what is changing).

☐ Multi-Year Renewal-(Posting Includes: first page of APMA with contact info, Reclamation statements, year-end reports, and bonding forms). Aerial photo not required.

☐ BLM approved bond form submitted; Bonding is paid.

☐ BLM Supplemental forms attached

Additional Comments: Amendment request submitted to extend effective dates of current MLUP authorization by 90 days. No work is planned for the duration of the extension. Extension request was submitted to ensure cohesive permit coverage while DNR processes 2018 MLUP application.

Please return your comments to DMLW (dnr.anc.mining@alaska.gov) within 14 days of this notice. Thank you for your participation.
